Contributing to QJ-Pro

1. Introduction

QJ-Pro is an open source project under the GPL license. We hope you like the toolset and it helps you develop better Java code. The development team has many ideas however we have to do it in a certain amount of time. If you are interested in helping us please let us know, you can help in the following areas:

- Supply us with feedback from the rules and submit new requirements for QJ-Pro
- Testing QJ-Pro on different platforms, and test the plugins inside the various IDEs
- Assisting to improve documentation
- Make QJ-Pro a famous product in the Java world

If you wish to get involved with the development of QJ-Pro, please send us an e-mail
